

DESIGN INNOVATION CENTRE

Islamic University of Science & Technology

650 million people in the world have disabilities. **65 million** of those need a wheelchair. Of these **20 million** don't have access to a proper wheelchair.¹

Wheelchair users face countless problems, everyday. There's a big gap between what wheelchairs do and what they should do. Help us bridge that gap:

WHEELCHAIR REDESIGN CHALLENGE-2018

Theme: Customising wheelchairs to local needs through low-cost modifications.

Submit your design ideas to DIC@IUST, Second Floor, Academic Block-IV or email : dic@islamicuniversity.edu.in by 31-05-18. Best three ideas will get funding, facilitation & prize money. Anyone is eligible to apply especially students, teachers, hobbyists etc.

1st prize: Rs.10,000

2nd prize: Rs.6,000

3rd prize: Rs.4,000
