## About the University

The Islamic University of Science & Technology (IUST) is a public university located at Awantipora, Pulwama, J&K which was established by an act of Jammu and Kashmir State Legislative Assembly in November 2005. IUST is NAAC accredited and its technical programmes are AICTE recognised. The university has been set up as a centre for higher learning for the people of the J&K State and its neighbouring regions. Electrical Engineering Department is one of the fastest growing departments of IUST. The Department is playing a leading role in evolving an Industry oriented curriculum and serving as a role model for many academic institutions in the state. It has state-of-art laboratory facilities with latest equipments, test facilities and softwares.

Islamic University is located 28 kms away from the summer capital of the state, Srinagar. The almond grove surrounded campus has the Himalayan mountain range to one side of it and Jhelum river flowing to the other side of the road. There are many sites of attraction around the campus which draws large number of tourists across the globe.

## **Short Term Training Programme on FPGA programming in power and control applications**

**10<sup>th</sup> - 14<sup>th</sup> September, 2018**

**Sponsored by: TEQIP-III**

### Co-ordinator

**Mr. Salman Ahmad**

### Co-coordinator

**Dr. Ahmed Sharique Anees**

### Organizing Committee

**Mr. Rayees Ahmad Lone**

**Mr. Mubashar Yaqoob Zargar**

**Mr. Javeed Bashir**

### Organised by

Dept. of Electrical Engineering  
Islamic University of science and  
Technology Awantipora, Kashmir - 192122
